## RESOLUTION NO. 22180

**Background**

Pursuant to the provisions of the Toll Highway Act (“Act”), The Illinois State Toll Highway Authority (“Tollway”) is authorized to provide for the construction, operation, regulation and maintenance of toll highways in the State of Illinois (“Tollway System”).

Pursuant to the Act, the Amended and Restated Trust Indenture between the Tollway and The Bank of New York Mellon Trust Company, N.A., as successor Trustee (“Trustee”), effective March 31, 1999 and as supplemented and amended to the date of adoption of this Resolution (“Master Indenture”), the Tollway is authorized to issue revenue bonds for any lawful purpose including, among others, extending and improving the Tollway System.

Resolution No. 19480 adopted by the Tollway on August 25, 2011, as modified by Resolution No. 21244 adopted by the Tollway on April 27, 2017, authorizes a \$14.3 billion capital plan for the Tollway System, named “Move Illinois: The Illinois Tollway Driving the Future” (“Move Illinois Program”), to finance the capital needs of the existing Tollway System and certain expansions of the Tollway System intended to improve regional mobility.

The Tollway has determined that the costs of the Move Illinois Program are to be paid from available Tollway funds and from the proceeds of its \$3.6 billion aggregate principal amount of previously issued revenue bonds described in the following paragraph and additional revenue bonds to be issued from time to time.

In furtherance of, and to provide funds to pay a portion of the costs of, the Move Illinois Program: (i) on May 16, 2013, as authorized by Resolution No. 19825 dated December 13, 2012, and pursuant to the terms of the Fifteenth Supplemental Indenture dated as of May 1, 2013 between the Tollway and the Trustee, the Tollway issued its Toll Highway Senior Revenue Bonds, 2013 Series A, in the aggregate principal amount of \$500 million; (ii) on June 4, 2014, as authorized by Resolution No. 19825 dated December 13, 2012, and pursuant to the

Tollway and the Trustee, the Tollway issued its Toll Highway Senior Revenue Bonds, 2019 Series A, in the aggregate principal amount of \$300 million; and (ix) on December 17, 2020, as authorized by Resolution No. 21477 dated February 22, 2018 and Resolution No. 22104 dated October 15, 2020, and pursuant to the terms of the Thirtieth Supplemental Indenture dated as of December 1, 2020 between the Tollway and the Trustee, the Tollway issued its Toll Highway Senior Revenue Bonds, 2020 Series A, in the aggregate principal amount of \$500 million.

The Tollway has determined that it is advisable, necessary and in the Tollway's best interests to authorize borrowing of an additional aggregate principal amount of not to exceed \$600 million for the purpose of paying costs of the Move Illinois Program and in evidence thereof to issue one or more series of Additional Senior Bonds (as defined in the Master Indenture) pursuant to Section 204 of the Master Indenture ("2021 New Money Bonds"), at one or more times as herein provided, such borrowing being for a proper public purpose and in the public interest, and the Tollway, by virtue of all laws applicable thereto, has the power to issue such 2021 New Money Bonds.

Any 2021 New Money Bonds authorized herein shall be issued on a parity with all Senior Bonds (as defined in the Master Indenture) now or hereafter outstanding under the Master Indenture and shall be secured by the Master Indenture, as supplemented and amended as authorized herein or as may be supplemented and amended in the future.

It is necessary for the Tollway to authorize the issuance of the 2021 New Money Bonds and to approve and authorize the execution of one or more Fixed Rate Supplemental Indentures, Bond Purchase Agreements, and certain other documents and agreements and the performance of acts necessary or convenient in connection with the implementation of this Resolution and the issuance of the 2021 New Money Bonds.

## RESOLUTION NO. 22180

**Resolution**

The Tollway authorizes the issuance and delivery of the 2021 New Money Bonds in an aggregate principal amount of not to exceed \$600 million for paying a portion of the costs of the Move Illinois Program. The 2021 New Money Bonds may be issued from time to time in one or more series as Additional Senior Bonds in said maximum aggregate principal amount or such lesser principal amount, all as may be determined by the Chairman of the Tollway (“Chairman”).

All 2021 New Money Bonds shall be issued as bonds bearing interest at fixed rates and paying interest semiannually. Each series of 2021 New Money Bonds shall be issued pursuant to, and have such terms and provisions as are set forth in, a supplemental indenture (each, a “2021 Supplemental Indenture”) between the Tollway and the Trustee, supplementing and amending the Master Indenture.

In connection with the issuance of each series of 2021 New Money Bonds, the Chairman is hereby authorized to execute, and the Secretary of the Tollway (“Secretary”) is hereby authorized to attest to, a 2021 Supplemental Indenture meeting the requirements of the Master Indenture in substantially the form of supplemental indentures heretofore executed and delivered in connection with the issuance of fixed rate revenue bonds to finance costs of the Move Illinois Program, with such revisions, insertions, completions and modifications necessary therein including, without limitation, such revisions as shall be necessary to incorporate provisions relating to (i) the dating, series designation, denominations, interest payment dates, redemption provisions, registration and transfer of the 2021 New Money Bonds, and (ii) the application of proceeds of the 2021 New Money Bonds for paying costs of the Move Illinois Program as shall be approved by the Chairman and that are not inconsistent with the terms and provisions of this Resolution, such execution to constitute conclusive evidence of the Chairman’s and the Tollway’s approval of such revisions, insertions, completions and modifications.

## RESOLUTION NO. 22180

**Resolution - Continued**

*Terms of 2021 New Money Bonds.* The 2021 New Money Bonds of each series shall be designated “Toll Highway Senior Revenue Bonds” with such additions, modifications or revisions as shall be determined to be necessary by the Chairman at the time of sale of the 2021 New Money Bonds to reflect the order of sale of such Bonds if issued in more than one series, the specific series of such Bonds, and any other authorized features of the 2021 New Money Bonds determined by the Chairman as desirable to be reflected in the title of the 2021 New Money Bonds being issued. The 2021 New Money Bonds of a series shall mature no later than twenty-five (25) years from their date. Each series of 2021 New Money Bonds shall bear interest at a rate or rates not to exceed 8.00 percent per annum. Interest shall be payable on each series of 2021 New Money Bonds semiannually at such times and on such terms as shall be provided in the related Supplemental Indenture.

The 2021 New Money Bonds shall be executed by the manual or duly authorized facsimile signatures of the Chairman and the Secretary and the corporate seal of the Tollway (or facsimile thereof) shall be impressed or otherwise reproduced thereon. The 2021 New Money Bonds of a series shall be prepared in the form attached to the related Supplemental Indenture.

Any portion of the 2021 New Money Bonds may be issued as bonds the interest on which is includible in the gross income of the owner thereof for federal income tax purposes (“Taxable Bonds”) if determined by the Chairman to be beneficial to the Tollway.

*Redemption.* The 2021 New Money Bonds of a series may be made subject to redemption prior to maturity at the option of the Tollway, at such times and at redemption prices of par plus accrued interest, which redemption prices may also include a redemption premium for each 2021 New Money Bond to be redeemed expressed as a percentage not to exceed two percent (2%) of the principal amount of the 2021 New Money Bonds being redeemed. Certain of the 2021 New Money

Bonds may be made subject to redemption by Sinking Fund Installments (as defined in the Master Indenture), at par and accrued interest to the date fixed for redemption, as determined by the Chairman at the time of the sale thereof and reflected in the related Supplemental Indenture.

Notwithstanding the foregoing, such 2 percent (2%) limitation on the redemption premium for 2021 New Money Bonds to be redeemed shall not apply in the case of Taxable Bonds where the redemption price is based upon a formula designed to compensate the owner of the 2021 New Money Bonds to be redeemed based upon prevailing market conditions on the date fixed for redemption, commonly known as a “make-whole” redemption price (“Make-Whole Redemption Price”). At the time of sale of the 2021 New Money Bonds, the Chairman, by execution of a Bond Purchase Agreement (as hereafter defined), shall determine the provisions of the formula to be used to establish any Make-Whole Redemption Price. The terms and provisions of any applicable Make-Whole Redemption Price shall be set forth in the related Supplemental Indenture.

*Sale of Bonds.* The Chairman is hereby authorized on behalf of the Tollway to sell all or any portion of the 2021 New Money Bonds to one or more underwriters qualified by the Tollway’s procurement process RFP#16-0155 (“Underwriters”), which Underwriters may consist of an underwriting group represented by one or more senior managing underwriters. The 2021 New Money Bonds shall be sold and delivered to the Underwriters subject to the terms and conditions of one or more Bond Purchase Agreements between the Tollway and the Underwriters (each, a “Bond Purchase Agreement”); provided, that the aggregate purchase price shall be not less than 98.5 percent of the principal amount thereof to be issued (less any original issue discount used in marketing thereof) plus accrued interest, if any, from their date to the date of delivery thereof. The Chairman is hereby authorized to execute, and the Secretary is hereby authorized to attest to, each Bond Purchase Agreement in substantially the form previously

In connection with any sale of the 2021 New Money Bonds, the Tollway, acting through the Chairman or the Chief Financial Officer, is hereby authorized to obtain one or more policies of bond insurance from recognized bond insurers selected by the Chairman or the Chief Financial Officer, if such officer determines such bond insurance to be desirable in connection with such sale of the 2021 New Money Bonds. The related Supplemental Indenture may include covenants with such bond insurer that are not inconsistent with the provisions of this Resolution and the Master Indenture and are necessary to carry out the purposes of this Resolution.

*Preliminary Official Statement.* The preparation, use and distribution of one or more Preliminary Official Statements relating to the 2021 New Money Bonds (each, a "Preliminary Official Statement") is hereby in all respects ratified, authorized and approved. Each Preliminary Official Statement shall be in substantially the form previously used in connection with the sale of fixed rate revenue bonds of the Tollway issued to finance costs of the Move Illinois Program, or shall contain disclosure information substantially similar to that presented in such forms, and shall reflect the terms and provisions of the 2021 New Money Bonds proposed to be issued, including the application of the proceeds thereof and shall describe accurately the current financial condition of the Tollway System and the parties to the financing. - (v) to pay customary expenses related to the issuance of such 2021 New Money Bonds; and
- (vi) to such other purposes that are not inconsistent with the terms and provisions of this Resolution.

*Tax-Exemption and Non-Arbitrage.* The Authorized Officers are hereby authorized to take any actions and execute any documents and certificates necessary to assure that 2021 New Money Bonds issued on a tax-exempt basis comply with federal tax law relating to tax-exempt bonds, including not constituting "arbitrage bonds" under the Internal Revenue Code of 1986, as amended, and to effectuate the issuance and delivery of such 2021 New Money Bonds, including but not limited to the execution and delivery by one or more of

## RESOLUTION NO. 22190

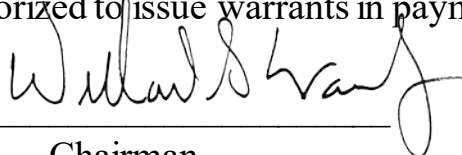

**Background**

The Illinois State Toll Highway Authority ("Tollway") is reconstructing the Central Tri-State (I-294) from 95<sup>th</sup> Street to Balmoral Avenue ("Project"), including the Plainfield Road Bridge ("Bridge") that crosses over I-294 and Flagg Creek. The Cook County Department of Transportation and Highways ("County") is responsible for maintenance of portions of the Bridge and appurtenant facilities. The County requested that the Tollway perform the County's maintenance responsibilities, as well as include stainless steel reinforcement for bridge deck elements, provide bridge deck smoothness per current Illinois Department of Transportation standards and increase the height of associated retaining walls to accommodate future County projects. The Tollway agreed to perform the Project work and make the upgrades the County requested, subject to the County's agreement to reimburse the Tollway for its actual costs. The estimated cost of the requested upgrades is \$734,000, which will be satisfied by the County reducing the Tollway's \$8,219,833 payment obligation to the County in relation to a County-led project pertaining to the EOWA project by \$734,000. *See* December 19, 2019 IGA between the Tollway and the County regarding project between Grand Avenue and Lake Street.. It is in the best interest of the Tollway to enter into an Intergovernmental Agreement with the County to memorialize the Tollway's and County's understanding regarding the reconstruction of the Bridge.

**Resolution**

The Chief Engineering Officer and the General Counsel are authorized to negotiate and prepare an Intergovernmental Agreement between the Tollway and the County in substantially the form attached to this Resolution. The Chairman and Chief Executive Officer of the Tollway, subject to the approval of the Chief Financial Officer, is authorized to execute said agreement, and the Chief Financial Officer is authorized to issue warrants in payment thereof.

**Re: Letter of Understanding**  
Central Tri-State Rehabilitation and Reconstruction

Dear Mr. Yonan,

This Letter of Understanding ("LOU"), executed in duplicate, has been prepared to outline the general understanding between the Cook County Department of Transportation & Highways ("CCDOTH") and the Illinois State Toll Highway Authority ("Illinois Tollway"), (referred to individually as "Party" and together as "Parties"), with regard to the Illinois Tollway's proposed rehabilitation and reconstruction of the Tri-State Tollway and its impact to CCDOTH owned facilities.

**Background:**

The Illinois Tollway, in order to improve the free flow of traffic and continue to ensure safety to the motoring public, has commenced with a series of improvements to the Tri-State Tollway (I-294), crossroad bridges and appurtenant facilities from 95<sup>th</sup> Street to Balmoral Avenue, ("Project"). Included with these mainline and crossroad bridge improvements, are rehabilitation of the 5<sup>th</sup> Avenue Cutoff bridge structure (SN 185) over I-294, replacement of the Plainfield Road bridge structure (SN 249) over I-294, widening of the I-294 bridges (SN 193 and SN 194) over Wolf Road and replacement of the I-294 bridges (SN 171, SN 173 and SN 175) over 87<sup>th</sup> Street and Roberts Road. A map showing the bridge locations is included in "Exhibit A" attached hereto.

The Illinois Tollway is developing contract documents for the Project and will submit to CCDOTH, for review and comment; preliminary plans for improvements to CCDOTH owned facilities.

The Project is the responsibility of the Illinois Tollway. The rehabilitation of the 5<sup>th</sup> Avenue Cutoff bridge was completed in December of 2018. Contract Advertisement is tentatively scheduled for Summer 2020 for the Wolf Road, 87<sup>th</sup> and Roberts Road bridges. Contract Advertisement is tentatively scheduled for Fall 2021 for the Plainfield Road bridge. Construction of the aforementioned bridges is anticipated to be completed in 2022.

The Illinois Tollway desires to enter into one or more Intergovernmental Agreements with CCDOTH memorializing the commitments in this LOU.

**1. The Illinois Tollway will:**

- a. Fund the Tri-State Tollway Interchange Impact Study analyzing opportunities from 95th Street to 159th Street. The study will be conducted by the Illinois Tollway Traffic Engineering Consultant at an estimated cost of \$325,000. The study area is shown in "Exhibit B" attached hereto.
- b. Implement aesthetics treatments to mainline Tri-State Tollway bridges over Wolf Road and over 87<sup>th</sup> Street and Roberts Road per the Illinois Tollway aesthetics plan.
- c. Rehabilitate the 5<sup>th</sup> Avenue Cutoff Bridge over I-294. The work was completed in December 2018. The Illinois Tollway will resolve any outstanding punch list items.
- d. Lead efforts to secure right-of-way or easements for CCDOTH for the roadways from the east and west leading up to the 5<sup>th</sup> Avenue Cutoff Bridge over I-294.
- e. Reconstruct the Plainfield Road bridge over I-294 and Flagg Creek in accordance with the Project Plans and Specifications, providing additional bridge deck, substructure, and superstructure width to accommodate a new multi-use path on the south side of the bridge. The Plainfield Road bridge over I-294 and Flagg Creek work will include work requested by CCDOTH including, but not limited to, utilizing stainless steel reinforcement for bridge deck elements and providing bridge deck smoothness per Illinois Department of Transportation specifications, subject to reimbursement by CCDOTH to the Illinois Tollway.
- f. Reconstruct the I-294 bridges over 87<sup>th</sup> Street and Roberts Road in accordance with the Project Plans and Specifications. The work includes, but is not limited to, installation of underpass lighting, removal of the frontage road east of I-294 connecting 87<sup>th</sup> Street to Roberts Road; temporary traffic signal installation, and provide funding equal to in-kind replacement of the permanent signals and equipment of the 87<sup>th</sup> and Roberts Road intersection and adjust and repair drainage structures along 87<sup>th</sup> Street and Roberts Road within the contract limits. The 87<sup>th</sup> Street and Roberts Road work will include work requested by CCDOTH including, but not limited to, roadway widening and traffic signal modernization at 87<sup>th</sup> Street and Roberts Road, including traffic signal interconnect installation subject to reimbursement by CCDOTH to the Illinois Tollway.
- g. Convey fee ownership of right-of-way to CCDOTH to include land used for the newly installed sidewalks and signals subject to retaining a permanent easement for the Tri-State Tollway over 87<sup>th</sup> and Roberts Rd. bridges.
- h. Widen the I-294 bridges over Wolf Road in accordance with the Project Plans and Specifications. The work includes, but is not limited to, installation of underpass lighting in accordance with CCDOTH requirements and paved shoulder on the west and east side of Wolf Road under I-294 bridges.

- i. Make any necessary surveys, perform preliminary and final design engineering, and perform construction engineering for the Project except as otherwise indicated herein.
- j. Advertise and receive bids, award contracts, and cause the Project to be constructed in accordance with the Project plans and specifications.
- k. Account for and offset the costs incurred by the Illinois Tollway for CCDOTH requested work associated with the Plainfield Road over I-294 and Flagg Creek project and the I-294 over 87<sup>th</sup> Street and Roberts Road project with the costs incurred by the CCDOTH for County Contract S01-B, identified in an Intergovernmental Agreement fully executed December 19, 2019, and reimburse the County for the remaining balance following offset.
- l. Prepare and enter into intergovernmental agreements with CCDOTH to include reimbursable engineering, right of way, construction costs, and maintenance responsibilities as described herein.

**2. CCDOTH will:**

- a. Promptly review all permit applications and, at no additional cost to the Illinois Tollway, issue permits necessary to construct the portions of the Project within the CCDOTH jurisdiction as identified in this LOU, including the temporary use and improvement of CCDOTH right of way.
- b. Account for the actual costs of the CCDOTH requested enhancements to the Plainfield Road over I-294 and Flagg Creek project, and the I-294 over 87<sup>th</sup> Street and Roberts Road project, and provide credit for said amount to the Illinois Tollway for the actual costs incurred by CCDOTH for County Contract S01-B, identified in an Intergovernmental Agreement fully executed December 19, 2019. As shown in "Exhibit C", estimated CCDOTH costs for requested improvements to Plainfield Road over I-294 and Flagg Creek and for I-294 over 87<sup>th</sup> Street and Roberts Road are \$5,720,000. Estimated Illinois Tollway costs for participation in County Contract S01-B, identified in an Intergovernmental Agreement fully executed December 19, 2019 are \$8,219,833.
- c. Subject to final inspection, assume ownership and maintenance responsibilities of the rehabilitated 5<sup>th</sup> Avenue Cutoff bridge deck over I-294.
- d. Upon construction completion, assume ownership and maintenance responsibilities of the newly constructed bridge deck for the Plainfield Road bridge over I-294 and Flagg Creek.
- e. Provide design of underpass lighting, pavement, safety appurtenance, and drainage improvements, and design of any temporary traffic signals and the permanent traffic signals

and equipment, including proposed layout, modernization and traffic signal interconnect at the 87<sup>th</sup> and Roberts Road intersection.

- f. Upon construction completion, assume ownership and maintenance responsibilities of the newly constructed underpass lighting system and traffic signals at 87<sup>th</sup> Street and Roberts Road.
- g. Upon construction completion, continue ownership and maintenance responsibilities of the vacated frontage road from 87<sup>th</sup> Street to Roberts Road (on the east side of I-294).
- h. Upon construction completion, continue ownership and maintenance responsibilities of the 87<sup>th</sup> Street and Roberts Road within CCDOTH right-of-way.
- i. Upon construction completion, assume ownership and maintenance responsibilities of the newly constructed shoulders and underpass lighting system at Wolf Road.
- j. Enter into intergovernmental agreements with the Illinois Tollway to include reimbursable engineering, right of way, construction costs, and maintenance responsibilities as described herein

Please confirm your concurrence with the above understanding by countersigning, dating and returning one original.

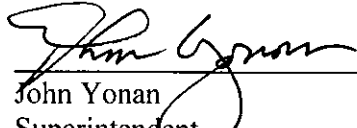

If you have any questions, please contact our Intergovernmental Agreements Manager, Jim McDonough at 331-238-4906.

## RESOLUTION NO. 22191

**Background**

The Illinois State Toll Highway Authority ("Tollway") is reconstructing the Central Tri-State (I-294) from 95<sup>th</sup> Street to Balmoral Avenue, and in connection therewith, the Tollway is constructing the Mile Long Bridge ("Project"). For purposes of the Project, the Tollway needs to acquire a temporary easement over approximately five acres of property owned by the Metropolitan Water Reclamation District of Greater Chicago ("District"), for 27 months, for construction staging, equipment storage and material management. The District agreed to convey the temporary easement to the Tollway at a cost of no more than \$1,662 per acre per month. To memorialize the Tollway's and the District's understanding regarding the conveyance of the temporary easement, it is in the best interest of the Tollway to enter into a First Addendum to the parties' June 2019 Intergovernmental Agreement pertaining to the Mile Long Bridge.

**Resolution**

The Chief Engineering Officer and the General Counsel are authorized to negotiate and prepare this First Addendum between the Tollway and the District in substantially the form attached to this Resolution. The Chairman and Chief Executive Officer of the Tollway, subject to the approval of the Chief Financial Officer, is authorized to execute said agreement, and the Chief Financial Officer is authorized to issue warrants in payment thereof.
